

## Statement of Faith

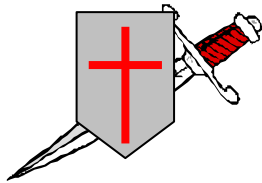

We believe that the ultimate goal of Christian Education is to move students of all ages into a deeper and more intimate relationship with Jesus Christ. Everything that is taught and emulated to our children should be founded in God's Word. We believe that the role of the school is to be an extension of the local church and the home. Our goal is to train up our students in the essential and indisputable teachings of the church – the body of Christ.

## Mission Statement

Shenango Valley Faith Academy seeks to provide quality Christ-centered education to students utilizing the Accelerated Christian Education model, which is goal-centered and individualized to allow each student to excel at a rate commensurate with his or her skill level.

## Curriculum

Kindergarten through 12<sup>th</sup> grade classes are offered.

Each child will receive placement testing to ensure the best educational opportunities are provided. Our Biblically based, accelerated curriculum is designed to educate children in a nontraditional classroom setting. The classroom is set up in learning stations. Each child also has an individual space, which they may decorate.

Each learning center is staffed with a minimum of two teachers. All of our teachers are college educated and have been professionally trained by ACE Ministries (Accelerated Christian Education), which is the provider of our curriculum.

Specialty classes such as chapel, art, music and physical education are offered on a weekly basis, as well as foreign language classes, including Spanish, French, and German. Frequent special assemblies and field trips add to the variety of your student's educational experience.

## Transportation

Transportation is available to families whose school district is within a ten-mile radius of Faith Academy through the public school system. For families outside of the ten-mile radius, transportation may be available through carpooling for a reasonable fee above the cost of tuition.

## Dress Code

The school's dress code is modesty. Clean, neat clothing that fits properly, and not too tight or baggy, is acceptable. Characters and inappropriate wording on clothing will not be considered appropriate. Clothing that reveals more than arms, neck and lower legs should be avoided. A more detailed dress code will be established only as needed and will be clearly communicated to parents and students before it is enforced.
